201 Third St, 2nd Floor
Santa Rosa, CA 95401

Designed in a classic California-Modern style that celebrates its natural hillside setting, this unique architectural gem seamlessly connects interior and outdoor spaces. Function connects with beauty, including redwood vaulted ceilings, rustic aggregate entry, walls of glass, and walk-out decking. A short distance to Hidden Valley Elementary, this four-bedroom, two-bath home is surrounded by hillside views and thoughtful spaces designed to bring the outdoors in. Imagine settling into the living room as the fireplace glows, sunlight filtering through the trees, and the canopy above framed through the skylights. The kitchen pairs silky stone countertops and Zellige tile backsplash with updated stainless steel appliances creating a warm, tactile space that feels both modern and timeless. All four bedrooms enjoy views of the surrounding trees, while a spacious laundry room and generous closets throughout provide plenty of everyday functionality and storage. The private primary suite occupies its own floor with new carpeting, floor-to-ceiling windows overlooking the outdoors, and a private balcony providing a peaceful place to begin and end the day. The spa-inspired bath features a soaking tub, separate shower with heat lights, double-sink vanity, and private water closet. Outside, the redwood deck becomes an extension of the living space, complete with built-in planting beds. Stairs lead to a separate platform ready to become
